

2024 SDoL Student Survey

The School District of Lancaster is conducting a survey of students in grades 3 through 12. We want to collect information that will help our school district provide services and support to better meet your needs.

Your participation is voluntary; you can choose not to take the survey. You may stop answering questions at any time, or you may choose to skip any question. We strongly encourage you to participate because we want to make sure you have a chance to tell us about yourself.

This is not a test, so there are no "right" or "wrong" answers. All the information you share with us will be private -- that means we will not tell your teachers, parents, friends, or anyone else about your answers to these questions. The survey is being done by the Center for Opinion Research at Franklin & Marshall College on behalf of the school district.
