

## Bid 3724

### Fruits, Vegetables, & Miscellaneous Grocery 2026-2027

#### Addendum II

**Q: To clarify, what pack size the district is looking for on the fresh cut fruits and vegetables? Are they looking for 50ct or 100ct pre-cut portions, 2oz, 3oz or 4oz?**

**A:** We do not require a specific case count. Portion sizes must meet USDA requirements. Serving size for fruit is ½ cup. Serving size for vegetables is ¾ cup.

**Q: For the items we are not bidding on, should we enter N/A?**

**A:** Items not bidding can be left blank.

**Q: Pricing Structure – The bid documents specify that prices are to remain firm for the contract period. Would the District consider or allow weekly pricing adjustments to account for market fluctuations on fresh produce items?**

**A:** It must be a firm fixed price per PDE and USDA guidelines.

**Q: Delivery Locations – The bid references a main delivery address of 445 North Reservoir St, Lancaster, PA 17602, as well as Carter Elementary School at 251 South Prince Street, Lancaster, PA for the FFVP component. Could you confirm whether these are the only two delivery locations, or are there additional school or district sites we should be aware of?**

**A:** These are the only two delivery locations. The Carter Elementary location is for FFVP delivery only.

**Q: Consolidated Friday Deliveries – Several line items specify different delivery days throughout the week. Would the District be open to consolidating deliveries to a single weekly Friday delivery for all applicable items, or are the specified delivery days (Monday, Wednesday, etc.) firm requirements?**

**A:** Delivery days will not be consolidated.

**Q: Partial Bid Submissions – Are vendors permitted to bid on select line items only, or is a complete bid across all listed products required for consideration?**

**A:** Vendors may bid on any one or more line items.
