

Important Update: ParentVUE & StudentVUE Mobile Apps

The current versions of the **ParentVUE** and **StudentVUE** mobile applications will be retired in Summer 2026.

Beginning July 13th, 2026, users will be required to use the new ParentVUE and StudentVUE replacement applications:

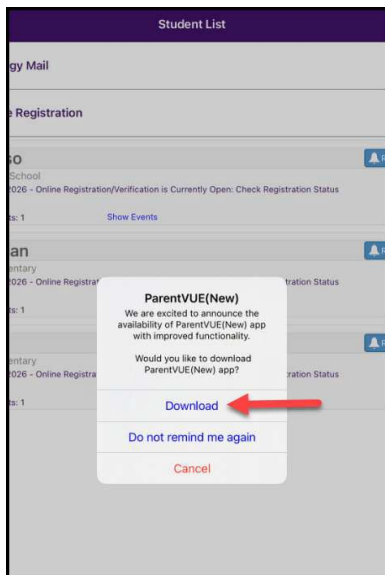

- **ParentVUE (New)**
- **StudentVUE (New)**

Upon opening the current application, users will be prompted to download the new version. The app can also be downloaded directly by starting at Step 2 below. The guide shows the install process for ParentVUE but StudentVUE is the same process.

How to Switch to the New App

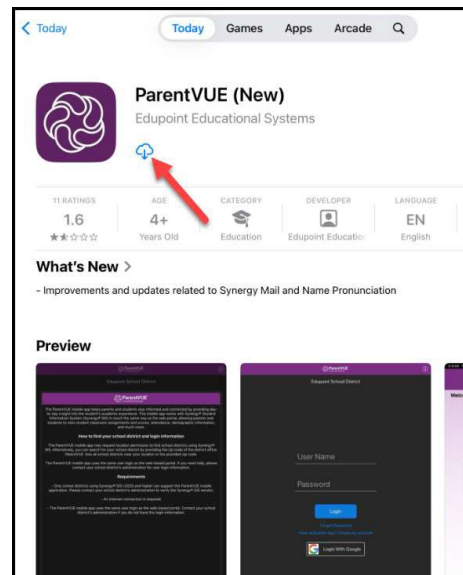

Step 1

Open the current **ParentVUE** or **StudentVUE** app. When prompted, tap **Download**.

Step 2

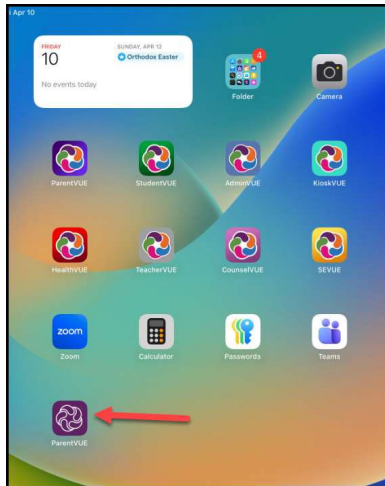

The **App Store** or **Google Play Store** will open. Tap the **Get / Download / Install** button.

Important Update: ParentVUE & StudentVUE Mobile Apps

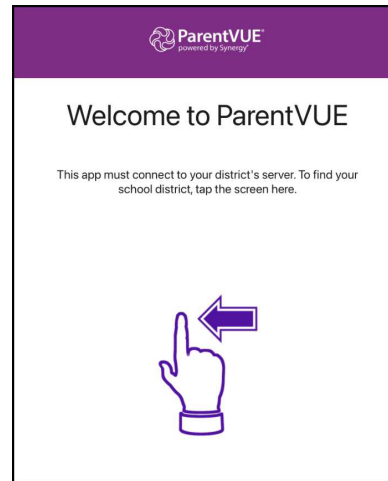

Step 3

Once the new app finishes downloading, open the **ParentVUE (New)** or **StudentVUE (New)** app.

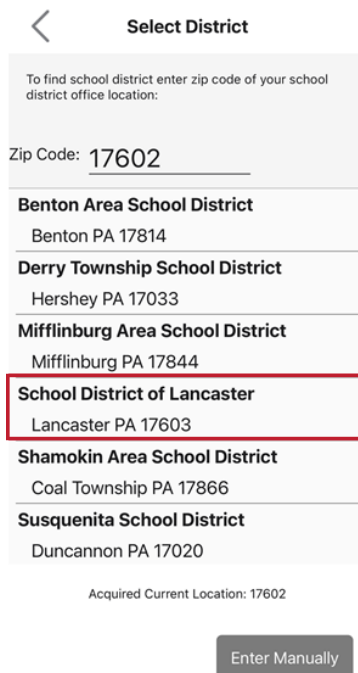

Step 4

Swipe **left** on the screen to begin choosing your district.

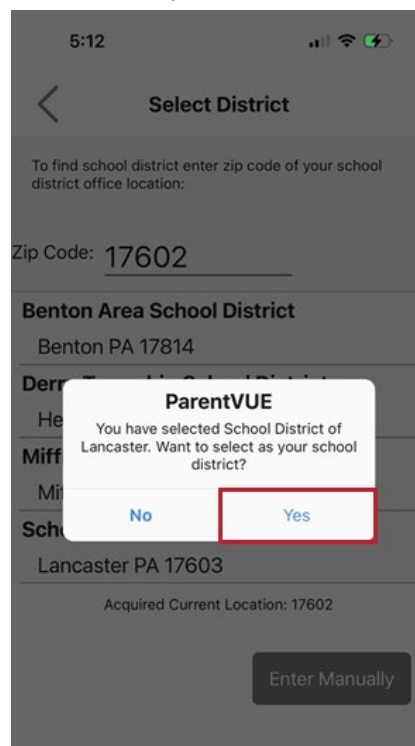

Step 5

Enter the student's ZIP code to find your district.

Step 6

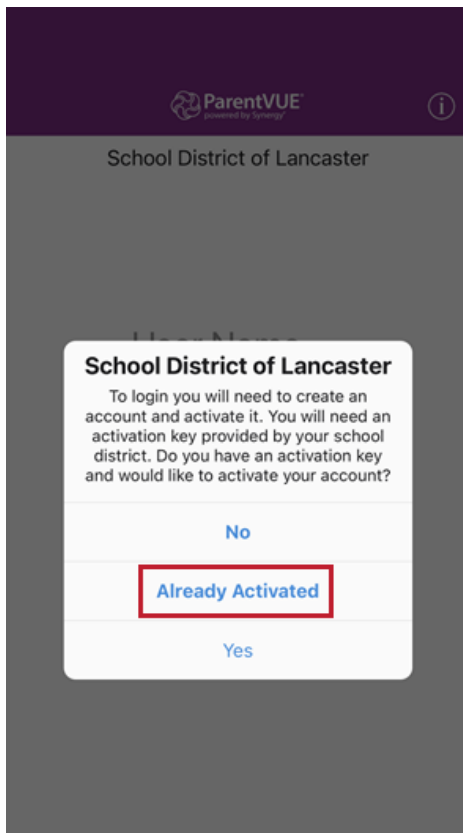

Select **School District of Lancaster** from the list and tap **Yes** to confirm.

Important Update: ParentVUE & StudentVUE Mobile Apps

Step 7

Tap **Already Activated**, then log in using your existing username and password. No new account is needed.

Final Step

After confirming the new app works, **delete the old ParentVUE or StudentVUE app** from your mobile device.

You're all set! If you need help, please contact your school's main office.
